

CONFIDENTIAL

AUG 1 1974

MEMORANDUM FOR: Deputy Director of Security (PTOS)

SUBJECT : Office of Security Assistance to
other Government Agencies

REFERENCES : A. Memo from ADD/P&M/OS to DD/PTOS
dated 24 July 1974, same subject.

B. Memo from Chief, TSD to DD/PTOS
dated 2 June 1974, subject: Routine
Assistance to USIB Agencies.

C. Memo from Chief, TSD to ADD/PTOS,
dated 1 July 1974, subject: Areas of
Interface Between Technical Security
Division and the Department of State.

1. In accordance with Reference A, I have reviewed all pertinent activities under my jurisdiction. Essentially those activities were previously reported in References B and C. All current arrangements between TSD and other government agencies are predicated on this Division's participation in the USIB [REDACTED] community. 25X1A
The Division has no current arrangements with other than Federal (USIB) agencies. Current arrangements are characterized as follows:

a. They are with USIB Agencies, i.e.,
FBI, DIA, NSA, Secret Service, Department of
State, Army, Navy, Air Force and the Department
of Transportation in its role as an observer

structure.

- c. They do not involve positive [redacted] equipment or training.
- d. They involve no financial costs.
- e. Technical Security Division (TSD) manpower expended in support of these arrangements is nominal.

2. In accordance with paragraph 3 of Reference A current arrangements under the categories listed are as follows:

25X1A?

a. Administrative

(2) Equipment Loans

Occasionally (approximately 6 - 12 times each year) TSD receives a request for loan of equipment. Again the requests are from USIB agencies, and equipment is normally requested for a specific purpose and duration. Recent examples of equipment loan are the following:

25X1A

(a) On 3 June 1974 the Secret Service requested loan of six [REDACTED] units to be used in support of President Nixon's trip to the Middle East in late June; in May 1974 the FBI requested loan of one [REDACTED]

e. Intelligence Support

25X1A

Again, primarily through the TSCC and its Subcommittee structure there is a continuous exchange of information relative to [REDACTED] As a matter of fact the R&D Subcommittee is seriously addressing the technological threat at this writing, and obviously it behooves each Agency to be frank and candid in that forum.
